# Our First Annual Art Exhibition!

---

Get ready for a burst of color, creativity, and celebration. This isn't just an art show — it's a movement of inclusion, imagination, and pure magic.

Featuring incredible works of art by 60 of our artists with intellectual and developmental disabilities, this week-long showcase is a powerful reminder of what's possible when we make space for everyone to shine.

## Representing Artists with Intellectual and Developmental Disabilities

- ❖ We believe creativity is a human right, and everyone deserves a seat at the art table (preferably one covered in paint). Big Magic Studios exists to unlock joy, purpose, and paid professional opportunities for artists with intellectual and developmental disabilities through bold, authentic, creative work.
- ❖ Our artists don't just participate, they lead. The work created here isn't charity or therapy, it's art, with a capital A. Gallery-worthy. Collection-worthy. Worthy of being seen, sold, and celebrated alongside neurotypical peers in the highest creative circles.
- ❖ We're building a future where difference is not just included, it's centered and celebrated. Where talent is recognized without condescension. Where radical inclusion meets radical excellence.
- ❖ From murals to merch, workshops to exhibitions, Big Magic Studios is where underrepresented voices are amplified, supported, and taken seriously — while still having a ridiculous amount of fun.
